

**LAMMSCAPES!**

## *We're growing our Landscape Services team!*

Qualified candidates are creative people, who are willing to work, be accountable for your actions, and work with others in a safe and professional way. You must have a passion for creating beautiful landscapes, being outdoors, and enjoy variety.

If you have previous landscape experience, a clean and valid driver's license, and have worked in various areas of landscape design, installation, maintenance & more, we'd like to meet you!

### **Landscape Construction & Maintenance:**

Want an opportunity to spend time in the great outdoors, get in great physical shape, work together with a great team, and create amazing landscapes? We are now hiring additional landscape crew people to work on our landscape crews. Qualified candidates must have the ability and interest to work physically and with a great team. Valid Wisconsin driver's license is required.

### **Landscape Sales & Design:**

Are you motivated, organized, energetic, friendly, and have a great desire to build strong relationships with prospective clients you'll be speaking with each day?

We're looking for self-starters who are goal oriented and excited by working in a team environment, focused on continuous improvement and offering good written & verbal communication skills.

Experience preferred in: Landscape design & installation of hardscapes - patios, walls, water features, outdoor lighting; landscape maintenance & snow removal operations. Computer skills & knowledge are important also.

Please send your resume to [mail@lammscape.com](mailto:mail@lammscape.com) or mail to:
