

**LAMMSCAPES!**

***We're growing our Sales & Design team!***

If you're the Sales Consultant &/or Landscape Designer we're looking for  
- or you know someone who is:

**~ Check this out!**

You are motivated, organized, energetic, friendly, and have a great desire to build strong relationships with our prospective clients you'll be speaking with each day. You embrace change and thrive within our fast-paced growth-oriented company.

You are honest, inquisitive, respectful, imaginative, and a creative thinker. You're described as being fun, humble, smart, energetic, outgoing, and have great attention to detail.

You are experienced in following a proven sales system, have a positive attitude and are persistent in generating your own leads in your target market. Great written and verbal communication skills are important to deliver the highest quality work possible.

You'll be a self-starter who is goal oriented and excited by working in a team environment, focused on continuous improvement and achieving high levels of productivity. You have a great history of exceeding expectations while working together within in a flexible and relaxed environment.

Experience preferred in: Landscape design & installation of hardscapes - patios, walls, water features, outdoor lighting; landscape maintenance & snow removal operations. Computer skills & knowledge are important also.
