

**LAMMSCAPES!**

### **Landscape Designer/Architect:**

Are you motivated, organized, energetic and have a great desire to build strong relationships with our prospective clients? Do you embrace change and thrive within a fast-paced growth-oriented company?

We are looking for honest, inquisitive, respectful, imaginative, and creative thinkers. Do others describe you as being fun, humble, smart, energetic & outgoing with a great attention to detail?

Are you a self-starter with a positive attitude, is goal oriented and excited to work in a team environment? Focus will be important on generating leads, achieving high levels of productivity & on continuous improvement. We strive to exceed expectations, working together within a flexible and relaxed environment.

Experience preferred in: Landscape design & installation of hardscapes - patios, walls, firepits, outdoor lighting and landscape maintenance. Great written & verbal communication skills, computer & plant knowledge and horticulture degree/experience are important also.

### **Landscape Crew Leaders:**

Are you a motivated and detail-oriented person, with experience in leading a landscape crew? We are looking for the right candidates to help us expand our landscape construction, installation & maintenance services.

Qualified candidates are creative people, who are willing to work physically, be accountable for your actions, and direct others in a safe and professional way. You must have a passion for creating & maintaining beautiful landscapes, being outdoors, and doing a variety of work, with a clean & valid driver's license.

### **Landscape Construction & Maintenance Crew People:**

Do you want an opportunity to spend time in the great outdoors, get in great physical shape, work with your hands, and help create amazing landscapes? We are hiring additional landscape crew people to work on our installation and maintenance crews.

Previous experience in the landscape industry is a plus but we do offer training. What is necessary is a positive, team attitude, willingness to learn new skills and a desire to do the best job possible. Qualified candidates must have the ability and interest to work physically and with a great team. Valid Wisconsin driver's license is required.
